Aikido Tabi-Ji
is a series of collages from
my upcoming book and
video series.

It includes images of a
traditional
photorealistic nature as
well as more poetic
images relating to what
the practice of Aikido is
and what it means to me

There will be a
demonstration of Aikido
methods and skills at the
opening night which will
set the tone for the
evening and allow viewers
to get a visceral feeling of
what its all about
